100% MADE WITH HEART

THE HISTORY OF FAMILY

Stillux was founded in 1972 by Marco and Lucia Innocenti, as a manufacturing company in lighting appliances for homes and contract works. For quite 50 years this aspect together with the artisan traditions of Tuscany and along with quality has always been evident in the products, with the result that company has gradually acquired international dimensions and recognition. Results has been achieved through continual research aimed at interpreting market demands, while setting up precise marketing policies and strategies. The factory creates lamps that store the warmth of the craftsmen hands, by select carefully the highest quality components to let product embody the symbol of luxury and sophistication. The company's headquarters is located in Cerreto Guidi were design, production, craftsmen and technicians, sales department for Italy and abroad, logistics joined together in a one sole strong and versatile group.

“CREATIVE MIND”

MR. MARCO INNOCENTI

Marco Innocenti is one of the most brilliant creative minds in the contemporary Italian design scene. Since 1972, he has left an indelible mark in the world of lighting with his extraordinary creations for Stillux. His passion for aesthetics and functionality harmoniously blend in every piece he has designed, giving life to iconic collections that have defined the style and identity of the brand over the years.

Innocenti, with his avant-garde vision and innate talent, has reinterpreted lighting in innovative and surprising ways. Each lamp bears his distinctive touch of brilliance and sophistication, embodying the timeless elegance that has become Stillux's hallmark.

His creations, present in all the brand's catalogs, are much more than mere lighting fixtures. They are works of art that illuminate not only physical spaces but also the minds and souls of those who contemplate them. With meticulous attention to detail and a deep respect for materials, Innocenti has brought to life lamps that are both functional and poetic, combining clean shapes and fluid lines with impeccable craftsmanship.

Through his collections, Marco Innocenti has demonstrated a consistent commitment to excellence and innovation, constantly pushing the boundaries of lighting design. His work continues to inspire designers, architects, and design enthusiasts worldwide, confirming his status as a pioneer in the field and his lasting contribution to the cultural and artistic richness of Italian design.

“OUR MASTERPIECE – OUR MOOD – OUR IDENTITY – OUR CRAFTSMANSHIP”

Stillux respects the craft traditions and applies in its production techniques of hand forging, glass blowing, gilding with foil, etc. Thus, each product has its own unique individual character and preserves the warmth of the master's hands.

STILLUX FOR ARCHITECTS

At Stillux, we pride ourselves on offering a comprehensive range of finishes, encompassing all our catalogs, to meet the diverse needs and preferences of our customers. Whether you're seeking a classic, timeless finish or a bold, contemporary statement, we have options to suit every taste and style.

Moreover, we understand the importance of visualizing designs in a three-dimensional space. That's why, upon request, we provide access to all the 3D models of every collection in our portfolio. This allows designers, architects, and enthusiasts to explore and integrate our lighting solutions seamlessly into their projects with precision and ease.

With Stillux, you not only have access to an extensive array of finishes but also the tools to bring your creative visions to life in stunning detail. Our commitment to quality, innovation, and customer satisfaction ensures that every step of your design journey is met with excellence and expertise.
